AN ACT to repeal 121.905 (1) (b) 1. to 3. of the statutes; relating to: restrictions on the revenue ceiling for school districts.

Analysis by the Legislative Reference Bureau

Current law provides a minimum per pupil revenue limit for school districts, known as the revenue ceiling. Under current law, the per pupil revenue ceiling is $11,000 in the 2023-24 school year and each school year thereafter. Current law also provides that, during the three school years following a school year in which an operating referendum fails in a school district, the school district’s revenue ceiling is the revenue ceiling that applied in the school year during which the referendum was held. The bill eliminates the provision under which a school district’s revenue ceiling is the revenue ceiling from a previous school year because an operating referendum failed in the school district.

For further information see the local fiscal estimate, which will be printed as an appendix to this bill.
